UNANIMOUSLY ENDORSE TAFT

Ohio Delegation Will Be a Unit
for War Secretary.

RESULTS OF THE PRIMARIES

Four Delegates-at-Large and Twenty-two District Delegates to Chicago Convention for Taft—Foraker Faction Loses Legal Battle.

Columbus, O., Feb. 12.—The net result of the Republican primaries held throughout Ohio was, for William H. Taft, four delegates-at-large and twenty-two district delegates to the national convention in Chicago, and a list of delegates to the state convention, to be held March 3, which will be unanimously in his favor. Hardin county held no primaries.

No opposition worth mentioning developed. The supreme court destroyed all chances of success by the Foraker element in Cuyahoga county by declaring that the Taft county committee was the only valid organization of its kind in that county and the selection of delegates there went by default, no ticket being placed in the field against the Taft candidates.

In Knox county the opposition to Taft had brought an "independent" ticket into the field, the independents, however, being all Foraker men. The Taft candidates won easily, the vote being about four to one in their favor. Actual voting for delegates to the state convention was carried on in but thirty-five out of the total of eighty-eight counties in the state, the Taft

SECRETARY TAFT.

delegates in fifty-two counties having no opposition and their names were simply certified as having been elected, and no vote being taken in Hardin, it was the general belief that votes would be cast in thirty-six counties, but the failure of the Foraker men to bring out an opposition ticket in Cuyahoga county reduced the number by one.

Congressional Primaries.

Congressional primaries were held in the Fourth, Fifth, Sixth, greater part of the Eighth, Ninth, Twelfth, Fourteenth, Fifteenth, Sixteenth, Eighteenth and Twenty-first districts, and in small proportions of the Seventh and Nineteenth.

In all but the two last, wherein the voting was in too limited a territory to be decisive, the Taft people won without opposition. In the Ninth,

Sixth and Sixteenth districts candidates for congress were nominated directly at the primaries.

It was the original intention to select delegates to the national convention in the same manner, but later it was decided in order to avoid all chance of future complications to name the delegates at a regular district convention.

In the Eighth district, congressional primaries were not held in one county—Hardin—but the result there cannot possibly override the vote in the remainder of the district, and the two delegates to the Chicago convention are certain for Taft.

The following statement was issued by Arthur I. Vorys, the manager of the Taft presidential campaign:

"Ohio is for Taft. The result at the primaries completes the demonstration. Every county, except one with seven delegates, now has selected its delegates to the state convention. Every county has selected Taft delegates. The state convention will be unanimously for Taft, for every one of the 815 delegates is for and is instructed for Taft. This unanimity also demonstrates that every one of the forty-six delegates to the national convention will be for Taft."

FIREMAN BADLY INJURED.

Blaze at Cincinnati Nearly Causes a Panic.

Cincinnati, Feb. 12.—A loss of nearly \$90,000 was incurred, one fireman probably was fatally injured and a dangerous panic was narrowly averted in a fire in the five-story building at 315 West Fourth street. The building was occupied by several concerns, the heaviest losers being two wholesale millinery establishments.

Fireman Harvey Lowery was dangerously and perhaps fatally crushed under a truck while going to the fire and two others were slightly hurt. Several hundred girl employees were in the building and for a time a panic threatened, but prompt action prevented it.

PREPARING FOR TROUBLE.

Russia Will Convert Vladivostok Into a First Class Fortress.

St. Petersburg, Feb. 12.—The ministry of war is preparing plans for the speedy conversion of Vladivostok into a first class fortress, involving expenditures of about \$6,000,000. Completion of the work within three years is held to be imperative in order that Russia may not be caught napping, as at Port Arthur, in case of future trouble with Japan. Sixty engineering officers will be employed on the work. Russian strategy in any future war with Japan will depend upon the ability of Vladivostok to hold out for a year without assistance. The mobilization plans worked out by the general staff contemplate the concentration of troops on the line of Lake Baikal and the abandonment of the intervening parts of Siberia and Manchuria until the army is strong enough to assume the offensive successfully.

CLEAR UP MYSTERY.

Butte Man Confesses to Attempt to Wreck Trains.

Butte, Mont., Feb. 12.—The mystery which surrounded the attempts to wreck the Oregon Short Line trains Monday was cleared up when Pat Gordon, aged twenty-four, of Butte, one of the suspects, broke down and confessed. He admitted throwing the switch which derailed part of the freight train and also confessed that he put the ties on the track in front of the southbound passenger train. He denies having placed the ties on the track in front of the incoming train. Gordon claims he was drunk at the time and did not realize what he was doing. He denies having any grudge against the road, although he admits having a quarrel with a former section boss, who he says "sicked" dogs after cows that Gordon was milking.

COMMISSION POWERLESS.

Cannot Suspend Operation of the Nine-Hour Law.

Washington, Feb. 12.—An important announcement was made by the interstate commerce commission respecting its attitude toward the request recently made by the operating vice presidents of the railroads of the United States that the so-called nine-hour law, relating to the employment of train dispatchers, telegraph operators and tower men be suspended by the commission until such time as the law could be amended to meet the desires of all concerned. The commission holds in brief that it has no authority to extend the time or suspend the operation of the law except in a particular case or cases in which a hearing has been held and good cause shown for the extension asked.

MRS. M'DONALD FREE

Found Not Guilty of Murdering
Webster S. Guerin.

RECEIVED VERDICT CALMLY

Chicago Woman Exhibits No Emotion on Learning of Her Acquittal—Jurymen Pledged Not to Reveal the History of Their Deliberations.

Chicago, Feb. 12.—Mrs. Dora McDonald, who has been on trial here since Jan. 20 on the charge of murdering Webster Guerin, was acquitted by a jury in the criminal court. The verdict was reached after six and a half hours' deliberation. The defendant, who was the widow of Michael McDonald, formerly a political leader in Chicago, received the verdict without apparent emotion. During the trial she had frequently collapsed and on several occasions the case had been interrupted in order that she might receive medical attention. When the verdict was announced, however, she was the least moved of any of the persons concerned in the defense, her attendant being so overcome that Mrs. McDonald was compelled to exchange roles with her and try to quiet the woman.

Members of the jury took an oath before reporting their finding not to reveal the history of their deliberations. The first ballot, they said, stood 8 to 4 for acquittal, but subsequent developments were carefully kept secret.

After Mrs. McDonald had been discharged she was taken to a hotel by relatives. It was announced later that she will retire to a sanitarium. Despite her nervous and physical condition during the trial and the months following the tragedy, no hint of a possible attack of insanity was offered by the defense at the trial. The case was given to the jury after a comparatively short closing address for the state by Assistant State's Attorney Rittenhouse. He made little effort to answer the oratorical efforts of the attorneys for the defense, contenting himself with a matter of fact presentation of the evidence and a short argument for guilty based on this.

Guerin Killed in His Studio.

Webster S. Guerin was shot and killed in his studio in the Omaha building, La Salle and Van Buren streets, Feb. 21, 1907. Mrs. McDonald was alone with him when the tragedy occurred and was immediately arrested and charged with the murder. Her husband and Leopold Freeman, president of the Champion Chemical works, signed bail bonds for \$50,000 after her indictment March 30, 1907.

The shock of the tragedy proved disastrous to McDonald, and he died Aug. 9, 1907, after an illness of several weeks. His fortune was left to the accused woman and his two sons, one the child of a former marriage. Special provision was made in his will for Mrs. McDonald's defense and the instrument was attacked in court by his former wife, Mrs. Mary McDonald, from whom he had obtained a divorce. This suit is still pending.

It developed at the trial just concluded that Guerin and Mrs. Dora McDonald had been more or less intimate for almost ten years, their relations having begun when Guerin was less than seventeen years old. The state asserted that Guerin had attempted to dissolve these relations and that the woman shot him in a jealous rage.

The defense attacked Guerin's character, asserting that he had systematically blackmailed Mrs. McDonald for years and offered evidence tending to show that he had attacked her in his studio on the day of the tragedy. One of the dramatic incidents of the trial was the acting out of this alleged struggle by two physicians, who showed how Mrs. McDonald might have twisted the revolver in Guerin's hand until it pointed at his own breast and how the trigger might have been pulled during the struggle.

The trial attracted unusually large crowds and on several occasions the police and bailiffs had to unite forces to hold would-be spectators in check.

Count Boni Fined Twenty Dollars.

Paris, Feb. 12.—Count Boni de Castellane, the divorced husband of Anna Gould of New York, was found guilty by the correctional court of criminal assault and battery on Prince Helie de Sagan, his cousin, and fined \$20. The prince was awarded 20 cents damages.

Detroit Fireman Killed.

Detroit, Feb. 12.—One fireman was killed and two others were seriously injured by a falling wall at a fire here which destroyed sixteen cars and did considerable damage to the United Railway car barns on Michigan avenue. Loss, \$18,000.

There is Common Sense in W. B. Corset Styles

A W. B. Corset is comfortable the day it is put on and holds its shape to the last day of wearing. It does not contort the figure by forcing it into a different outline from your own. It enhances all the curves you already possess and grades off irregular lines without straining either bust or abdomen. There is a perfectly fitting model for you in each quality. Prices start at \$1.00.

H. F. MICHAEL CO.

CLIMAX IN GRAFT TRIAL.

Architect's Assistant Testifies in Capital Conspiracy Case.

Harrisburg, Pa., Feb. 12.—The climax in the state capitol conspiracy trial was reached just before the commonwealth closed, when Stanford B. Lewis, assistant of Architect Joseph M. Houston, declared on the witness stand that Contractor John H. Sanderson, one of the defendants, complained that he did not want to cut down his bills because he "had to put up a big wad for other people."

Lewis also testified that the letter, which he produced Monday with the explanation that it was responsible for his being indicted for conspiracy, had been written and brought to him by Former Auditor General Snyder, a defendant in the present case, for his signature, in which Lewis was made to say he had certified to a bill for \$187,735.29 paid to the Pennsylvania Construction company for metallic filing cases, which he had found correct.

Lewis' testimony followed the introduction of documentary evidence to show that thousands of dollars were paid to Sanderson for capitol furnishings months before their delivery, in spite of the fact that certificates of receipt in good condition were required by law before bills could be approved. The testimony of Lewis was direct and unqualified and was not attacked by the defense.

MORSE AGAIN INDICTED.

Federal Grand Jury Returns True Bills Against Banker.

New York, Feb. 12.—It has been learned that the federal grand jury, which is investigating the affairs of certain national banks, has voted five indictments. Three of these indictments, it was authoritatively stated, make charges against Charles W. Morse and a former official of the National Bank of North America for over-certification and misapplication of funds. Two of those voted for, it is said, were against C. W. Morse, one on each charge and the other against his associate.

Mr. Morse, who is due to arrive here on the steamer Etruria from Liverpool next Saturday, was indicted Monday by the New York county grand jury, which is also inquiring into the recent financial transactions among the banks of this city.

WAITERS COMMIT SUICIDE

End Their Lives in New York City by Inhaling Gas.

New York, Feb. 12.—Peter Toomey and George Molloy, each thirty years of age, who had been employed as waiters, committed suicide in Toomey's room in West Thirty-eighth street by inhaling gas. They were found dead in the room. All openings around the door and window casings had been tightly closed and the gas jets turned wide open. Molloy came to New York from Des Moines, Ia., a few months

CRITICISES PRESIDENT

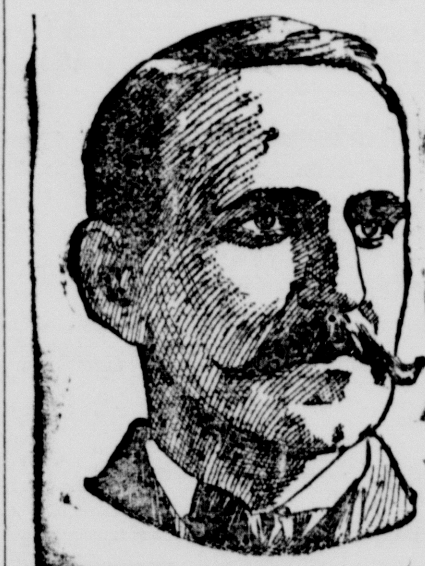

Congressman Tawney Says He Exceeded His Authority

THE COMMISSION IS NOT LEGAL

Declares That Executive Had No Lawful Right to Appoint the Inland Waterways Body—Harrison Scores Secretary Root.

Washington, Feb. 12.—Interest in the proceedings of the house of representatives attached to a mild criticism of the president by Mr. Tawney, chairman of the committee on appropriations, for having, as Mr. Tawney charged, appointed the inland waterways commission without authority of law. The debate was on the urgent deficiency bill and grew out of a senate amendment to pay John H. Bankhead, now senator from Alabama, for his services on the commission. The right of the president to appoint such commission was upheld by Messrs. Crumpacker of Indiana and Underwood of Alabama. The house, however, refused to accept the amendment.

In a vigorous speech, Mr. Harrison of New York condemned Secretary of State Root for his manner of handling the negotiations with Russia, regarding passports to Russian Hebrew citi-

JAMES A. TAWNEY.

zens of the United States, while Mr. Lowden of Illinois, with equal force, defended Secretary Root, saying the negotiations would result satisfactorily to Jewish citizens desiring to visit Russia.

The Indian appropriation bill was discussed for some time and was amended in several important particulars. Its consideration was not concluded.

Another of the large supply measures, the legislative, executive and judicial appropriation bill, was reported, and the house adjourned.

AT LINCOLN CLUB BANQUET

Frank B. Kellogg of St. Paul Advocates Taft's Candidacy.

St. Paul, Feb. 12.—The great human heart of Lincoln, reaching out from the days of national strife, when brother was pitted against brother on the bloody battlefields of the war of the emancipation, stilled and thrilled the 500 men who paid tribute to his memory at the Lincoln club's annual banquet.

Never in the fourteen years of the Lincoln club of St. Paul has there been so large and enthusiastic an attendance as gathered at the Ryan hotel, and seldom in the history of the city has its people been given the opportunity to listen to such eloquent, capable eulogists of the immortal Abraham Lincoln as F. B. Kellogg of St. Paul, Clarence B. Miller of Duluth and Luis G. Hoffmann of St. Paul, the speakers at the banquet.

F. B. Kellogg's address, "Lincoln and Roosevelt," gave his hearers a true picture of the lives and deeds of these two great exponents of Republican principles. His advocacy of the candidacy of Secretary Taft for president was met with an enthusiastic outburst of applause.

STANDARD OIL HEARING.

Competitor of the Trust on the Witness Stand.

Albany, N. Y., Feb. 12.—The principal witness at the hearing begun here for the taking of testimony in connection with the suit brought by the United States government to dissolve the Standard Oil Company of New Jersey, was Thomas L. Nisgen of Springfield, candidate for governor of Massachusetts at the last election and a competitor of the Standard Oil company. He testified as to the alleged discrimination of the Standard and in the sale of its products in Massachusetts and this section of New York and was still on the stand when a recess was taken.

ALDRICH CURRENCY BILL.

Debate on the Measure Begun in the Senate.

Washington, Feb. 12.—Debate on the Aldrich currency bill was begun in the senate and was followed with interest by many bankers who occupied seats in the galleries. Among them was J. Pierpont Morgan of New York. The discussion of the measure was directed chiefly toward the provision for railroad bonds as a basis for emergency circulation, a wide difference of opinion being developed concerning the method that should be adopted in determining the valuation to be given such bonds, as well as opposition to the use of such securities under any terms.

The bill was finally read through and committee amendments were incorporated in the bill, it being understood that the entire bill is to be subject to amendment hereafter.

Office in Dispatch Building on 6th St., opposite the Post Office.

Sent at the post-office at Brainerd, Minn., as second class matter.

WEDNESDAY, FEBRUARY 12, 1908

THEY are killing wolves within the city limits of Minneapolis, but not the kind that are in sheep's clothing.

A YOUNG man killed himself in Duluth because he failed in the necessary qualifications to allow of his joining the United States army.

THE Associated Press has asked the governor of Minnesota to make the principal speech at its annual meeting in New York on April 22d.

AITKIN, through its mayor, is in receipt of a definite proposal from responsible eastern capitalists for the purchase of its municipal plant and the council has the matter under consideration.

SOUTHERN members of congress are in favor of prohibition—for the negro, but they wish the laws to be so framed that the white men in prohibition states can secure his liquors by shipment without molestation.

A WORKMAN in a Kalamazoo paper mill found a \$500 diamond clinging to a bit of rag evidently torn from a man's shirt front. The refuse from the rag cleaning room of that mill is now carefully inspected before it is manufactured into paper.

THE republican state central committee has been called to meet Feb. 27th, at 2 p. m., at the Merchant's hotel, St. Paul. The object is to arrange for the delegate convention and also the convention to nominate state officers. The first convention will probably be held in April and it is predicted that the nominating convention will go over until June.

THE commissioner of immigration for Minnesota makes the statement that the settlers in the Canadian Northwest are tired of the Canadian conditions and that many inquiries are being received from them regarding Minnesota lands. The loss of crops for two consecutive years makes some of those who left a good country for an uncertainty desirous of returning to the land of plenty.

THE democracy of the country is waiting breathlessly for the announcement that has daily been promised from Gov. Johnson as to his presidential aspirations and his declaration on national politics. The governor's friends think that when these are announced that there can be little question of his recognition as among the leaders of democracy and that a strong fight will be waged for delegates favoring his nomination in various parts of the country.

WEATHER FORECAST

Snow and colder tonight; Thursday partly cloudy with colder east portion.

The following are the weather conditions at 7 a. m. today and this date last year at various points on the Minnesota & International railroad as shown by the record at the general offices of that road:

LOCAL NEWS NOTES

Don't forget that King sells masks. 21317w3

Officer Winters is on deck again today.

J. L. Smith, of Minneapolis, was in the city today.

B. J. Rapple, Jr., of Smiley, was in the city yesterday.

M. E. Ryan went to St. Paul today on legal business.

Dr. Batcheller was at Aitkin today on professional business.

J. H. Witherel, of Oakland, Me., was in the city yesterday.

C. A. Dunn, of St. Paul, was a Brainerd visitor today on business.

A Poster Water Color makes an acceptable valentine. For sale at M. A. Canan's studio. 21313

J. C. Krikpatrick and C. H. Thatcher, of Escanaba, Mich., were in the city today on business.

Try our California wines and brandies, John Coates Liquor Co., Phone 164. Goods delivered. tf

Geo. S. Parker, wife and son, of Rainy River, Canada, were in Brainerd between trains yesterday.

Mrs. R. J. Tinkelpaugh, of Staples, is visiting at the home of her parents, Mr. and Mrs. Geo. A. Keene. 21013

C. B. Rowley returned today from a trip to Bemidji and other points up the Minnesota & International railroad.

Home baking is made easy by the use of Hunt's Perfect Baking Powder and Extracts. Try them and convince yourself.

George McMann, of Aitkin, was brought here today suffering with typhoid fever, and placed in St. Joseph's hospital for treatment.

Mrs. A. E. Adams, of Merrifield, who went to Chicago a short time ago to visit her daughter, is reported seriously ill in that city of pneumonia.

The ladies of the A. O. H. will give a party at Mrs. M. J. Reilly's from 3 to 8 o'clock tomorrow, February 13th. A 15 cent lunch will be served.

Vernie Christensen, son of Mr. and Mrs. James Christensen of Northeast Brainerd, was operated on for appendicitis yesterday in St. Joseph's hospital.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co. tf

Miss Blanche Conliffe, who has been visiting at the home of her friend, Miss Fanny Gatten, for the past three weeks, left for her home in Duluth today.

The ladies of the People's church will serve supper in the lecture room of the church Friday night instead of in the Davis building as heretofore announced.

Alfred Halverson, of Pequot was brought to St. Joseph's hospital today on a stretcher. He cut his foot badly on Monday while cutting wood near that place.

Mrs. Lena Peterson and Mrs. M. J. Burke, foster mother and foster sister of Mrs. Axel Berg, were here to attend the funeral of Mrs. Berg, which took place this afternoon.

Dead tamarack cord wood in the swamp, section 24, Nokay lake for \$2.90 per cord. J. M. Hayes, 402, 8th street South. 2101f

A. T. Hatcher, of Anoka, Minn., was in the city today on his way home from Bemidji, where he is looking after some of the interests of the Crooks-Lumber Company.

J. Bislar, formerly of this city, but now a prominent business man of Bemidji, is a candidate for alderman from the Third ward of that city at the election to be held next Tuesday.

A very interesting session of White Sand Lodge, M. B. A., was held last evening. I. E. Leighton, district organizer, Arthur Jones, state director and A. Kinsman, state organizer were present.

The Norwegian-Danish Lutheran Young People's society will give a valentine poverty social at Cale's hall, Friday evening, Feb. 14. Everybody cordially invited. 21213

Ed. Miller, formerly night clerk at the Ransford, who went from here to the Brinkman, Bemidji, shortly before that hotel closed down, has returned to this city and again entered the employ of the Ransford.

The regular monthly meeting of the W. C. T. U. will be held at the home of Mrs. J. A. Thabes on Feb. 18th. All are requested to attend. Program from 3 until 4 p. m. Supper served from 3:30 to 7:30.

G. N. Davis, of St. Paul, a special apprentice at the Northern Pacific shops in this city, went home today to remain the rest of the week. Several of the boys employed in the shops went to Duluth today to spend several days.

The United Order of Foresters will give a card party and leap year dance at their lodge rooms in the Columbian hall, Friday evening, Feb. 14th. Tickets 25 cents. 20916

The Bachelor Maids will entertain their friends at Walker hall on the evening of February 14 at a valentine party. A very pleasant time is anticipated by the club and its friends, as the young ladies are charming hostesses.

If the clerk of the weather has a more disagreeable brand than that which he has had on tap the past twenty-four hours he wants to keep it bottled or the people will create a vacancy in the office. This has been about the limit.

Franklin W. Merritt, of Minneapolis, and O. E. Culver, of Deerwood, were in the city today on business. They came down from Deerwood last night and Mr. Merritt went to Minneapolis today noon and Mr. Culver returned to Deerwood this afternoon.

Sleigh ride and supper. Take a trip around the world Wednesday, February 12, with the Woman's Guild of St. Paul's church. Sleighs leave Johnson's Pharmacy 6, 6:30 and 7 p. m. Visit America, Germany, Japan, France. Supper served in each country. Round trip 50 cents.

The funeral of Barney Mattason took place this afternoon at the Congregational church. It was attended by a number of the firemen in a body, he having been a member of that organization for several years. He was also a member of the Modern Brotherhood of America.

THREE PERSONS KILLED.

Eighteen Others Injured in Train Wreck in Oregon.

Portland, Ore., Feb. 12.—A Southern Pacific passenger train was wrecked near Forest Grove, twenty miles from Portland. Three passengers were killed and eighteen injured. The dead are:

John McDonald, McMinnville, Ore.; Mrs. J. E. Bates and baby, Forest Grove, Ore.

BED FOR AUTO VICTIMS.

New Hospital in Philadelphia to Have Unique Endowment.

The Garretson hospital, recently opened in Philadelphia, will be the first in the United States to have an endowed bed reserved for the use of victims of automobile accidents. Money for the purpose is being raised by members of the Quaker City Ladies' Motor club.

A stipulation of their deed of gift will be that victims of their own cars will have a prior right to the bed, after which others who may be injured by reckless or careless motorists will have a chance to use it if it be unoccupied at the time.

MISTRESS VERSUS MAID.

Servant Accepts Challenge of Society Woman For Contest in Housework.

Hanna Olson, a servant girl in Boone, Ia., who says domestics cannot afford to work for less than a dollar a day, declares she will accept the challenge of Mrs. M. J. Foster, society woman, also of Boone, for a week's contest in housework. Mrs. Foster alleges that a dollar a day is too much for servants, that most of them are incompetent and that she will prove it by rolling up her own sleeves and going to work. Plans for the remarkable contest are going forward.

The majority favor setting the two women at work each in a home of the same number of rooms under about the same conditions. A committee will be named, and credits will be given for time consumed and for the condition of kitchen, bedroom and living rooms at noon.

WONDERFUL SUBMARINE.

Navy's New Boat to Have Clever Life Saving Device.

A contract with a company that builds torpedo boats for the construction of a submarine boat was signed by Secretary Metcalf the other day. The vessel will be built at Bath, Me.

The inventors claim that the boat will be the largest and swiftest of submarines and will have a steaming radius of 3,000 miles and a speed capacity of 16 knots, two in excess of the contract requirements.

An important feature of construction will be the compartment forward, where by an equalization of air and water it is claimed a man may walk out of the open door into the water, permitting life saving when other means of exit from the vessel are cut off.

WHITE COAL IN KENTUCKY.

Deposit Found in Mountains of McLean County.

McLean county, Ky., is the scene of the latest discovery of natural freaks in the finding of a vein of white coal.

It was discovered on the farm of a man who lives near Wrightsburg and who proposes to form a company and open a slope mine. A minister of Madisonville has returned from conducting revival services in the mountains with several specimens of the mineral.

It is of a white color and very light, leaving neither soot nor cinders after burning, and makes red ashes resembling those of a wood fire.

Odd Railroad Test.

People along the eastern division of the Boston and Maine railroad between Boston and Portsmouth have been treated to a peculiar sight for the last few days as they observed a man riding on the engine of train No. 29. Standing on a little platform surrounded by a sheet of canvas to break the wind, he rode near the smokestack back and forth to Portsmouth every day. The company has been making a test of a smoke burning apparatus and trying to find out just how much water and coal are consumed for each mile of the trip and also recording the speed of the engine made on varying steam pressure. In the cab have been two other men, known as inspectors, taking a record of the work done by the fireman in handling the fire of the locomotive during round trips.

New Chinese Army.

The Rev. Ng Poon Chow, a Chinese editor, who addressed the interdenominational missionary conference in Calvary church at San Francisco the other night, aroused the risibilities of his audience by a well meant comment on the new army which his country is now developing.

"China," said the learned oriental, "is raising a standing army of 1,000,000 men."

After a pause, in which he allowed his auditors to grasp the extent of his statement, he added with an inimitable Mongolian lisp:

"China has never had a standing army. It has always been either a running army or a sitting army."

Advertising Calendars

The Demand for Calendars

increases each year, due to the fact that the advertising public realizes more fully that calendars are a permanent form of inexpensive advertising. Calendars find a welcome place in the home, store or office—displaying one's advertisement in plain sight every day in the year and in an attractive, pleasing manner.

The advantages of buying from us are many—we are here all the time and always ready to please; we take your order at any time during the year which best suits your convenience; we carry the stock, saving you freight, drayage or express charges, and we aim to print your advertisement on your calendars in an attractive and artistic style—giving you a piece of advertising matter that you will be proud to give to your patrons. Our line of

Domestic and Imported Calendars for 1909

consists of over two hundred handsome designs and must be seen to be appreciated. We have calendars from 2½c to 50c each—price is for calendars printed and delivered to your place of business. We will call on you soon and solicit a share of your patronage.

TWO MEN FATALLY BURNED

Several Others Injured by Explosion at McKeesport, Pa.

Pittsburg, Feb. 12.—Two men were fatally burned and five or six others were injured in two explosions at the Monongahela furnace at McKeesport, near here.

A large force was near by and at first it was feared many had been hurt and every vehicle that could be used as an ambulance was summoned to the plant. The explosion was accompanied by a terrific concussion and windows in buildings on all sides of the plant for a considerable distance were broken. The cause of the explosion has not been learned.

SILK FROM GRASS.

W. S. Devery to Utilize Product of the Rockaway Marshes.

William S. Devery, New York's former chief of police, is about to produce from the vegetation of the Rockaway marshes a fabric fine as silk, so he says.

He says this fabric can be used for anything for which the textiles made from the cocoon are employed. Just what the fabric is and how it is treated he declines to say, and little "apprehensions" to and "touchin'" thereon can be learned beyond the fact that a company is to be formed and the looms of France will be brought into competition with a marsh silk which will be only half as expensive as that which owes its origin to the silkworm.

"Call it?" remarked Mr. Devery when asked for details. "Well, I haven't dealt with that phase of the question. How would Azellina do? When those Frenchmen get in the race with it they will find it a 100 to 1 shot walking into homes of refinement to a brilliant finish. Azellina will certainly be going some if that is what we nominate it. I don't know but what we might organize the Daffy Down Dilly Silk company, and when everything is in good shape we certainly will give the public a run for its money.

"What is it? Not on your life. There are too many of those bright chemist boys around, and if I went into the details they would be making it, and there would be nothing more in it for W. S. Devery. But you can take this from me, and that is that it is a new innovation and superior to anything imported."

increases each year, due to the fact that the advertising public realizes more fully that calendars are a permanent form of inexpensive advertising. Calendars find a welcome place in the home, store or office—displaying one's advertisement in plain sight every day in the year and in an attractive, pleasing manner.

The advantages of buying from us are many—we are here all the time and always ready to please; we take your order at any time during the year which best suits your convenience; we carry the stock, saving you freight, drayage or express charges, and we aim to print your advertisement on your calendars in an attractive and artistic style—giving you a piece of advertising matter that you will be proud to give to your patrons. Our line of

Domestic and Imported Calendars for 1909

consists of over two hundred handsome designs and must be seen to be appreciated. We have calendars from 25c to 50c each—price is for calendars printed and delivered to your place of business. We will call on you soon and solicit a share of your patronage.

TWO MEN FATALLY BURNED

Several Others Injured by Explosion at McKeesport, Pa.

Pittsburg, Feb. 12.—Two men were fatally burned and five or six others were injured in two explosions at the Monongahela furnace at McKeesport, near here.

A large force was near by and at first it was feared many had been hurt and every vehicle that could be used as an ambulance was summoned to the plant. The explosion was accompanied by a terrific concussion and windows in buildings on all sides of the plant for a considerable distance were broken. The cause of the explosion has not been learned.

SILK FROM GRASS.

W. S. Devery to Utilize Product of the Rockaway Marshes.

William S. Devery, New York's former chief of police, is about to produce from the vegetation of the Rockaway marshes a fabric fine as silk, so he says.

He says this fabric can be used for anything for which the textiles made from the cocoon are employed. Just what the fabric is and how it is treated he declines to say, and little "appertaining" to and touchin' thereon" can be learned beyond the fact that a company is to be formed and the looms of France will be brought into competition with a marsh silk which will be only half as expensive as that which owes its origin to the silkworm.

"Call it?" remarked Mr. Devery when asked for details. "Well, I haven't dealt with that phase of the question. How would Azellina do? When those Frenchmen get in the race with it they will find it a 100 to 1 shot walking into homes of refinement to a brilliant finish. Azellina will certainly be going some if that is what we nominate it. I don't know but what we might organize the Daffy Down Dilly Silk company, and when everything is in good shape we certainly will give the public a run for its money."

"What is it? Not on your life. There are too many of those bright chemist boys around, and if I went into the details they would be making it, and there would be nothing more in it for W. S. Devery. But you can take this from me, and that is that it is a new innovation and superior to anything imported."

GOVERNMENT DAM AT PINE RIVER

Picture of the Completed Structure is Given to Dispatch Readers Today

IS A CONCRETE STRUCTURE

Dam is Built on Latest Models With a Fine Wagon Bridge Across Top

Through the courtesy of the Aitkin Age THE DISPATCH is enabled to present its readers a very good cut of the government dam across the Pine river, known as the Cross Lake dam. The structure is constructed of concrete, and is 231 feet in length and 21 feet in

height. The dam has thirteen arched sluice ways and has a handsome wagon bridge running across the top. The railings of the driveway are cement walls with many small openings. The wall is handsome and makes a fine finish for the large openings below. The piers as well as the superstructure are of concrete and over 3,000 cubic yards of concrete were employed in the construction. The engineers who had charge of that work have moved the machinery, equipment, etc., to the Sandy Lake dam north of McGregor and are now at work rebuilding that structure. There has been a large amount of earth work done in the vicinity of the Pine river dam the past summer it being necessary to erect several large dykes to prevent the back water from overflowing adjacent lands.

BOILER MAKERS' DANCE

Good Sized Crowd at Ball Given in Gardner's Hall Tuesday Evening by Boilermakers' Union

The Boilermakers' union gave its annual ball at Gardner's hall Tuesday evening. The hall was well filled with merry makers who thoroughly enjoyed themselves dancing to the music of Graham's orchestra. A goodly addition was made to the treasury of the union by the event.

Chronic Constipation Cured

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. H. P. Dunn. mwfdw

QUARTERS IN J. W. KOOP BLOCK

Brainerd Business University Will Have Quarters Fitted up in That Building

TO BE ELEGANTLY FURNISHED

Rooms Will be Furnished Elegantly and With Latest Educational Equipment

President Langum, of the National Business college today closed a lease with J. W. Koop for quarters for the Brainerd Business university. The lease covers the front 67 feet of Mr. Koop's building at the corner of 7th and Laurel streets. The entrance from the hallway of the Gruenhagen building, the upper of which is now occupied by the Elks hall, will be reopened and the upstairs of the Koop building will be finished off at once. In fact Mr. Koop already has several local contractors at work on the estimates. The rooms, which will occupy a floor space of 50 by 67 feet, will be well lighted a splendidly equipped for the work. They will include a commercial practice room 35 feet wide and running across the west of the building a large shorthand practice room, a type writing room, recitation room and general and private offices. There will also be good sized cloak rooms and toilet rooms and lavatories for ladies and for gentlemen, which will be fitted up in the most modern manner. All interior partitions will be of glass. The equipment of the various rooms will be the latest to be had and there will not be a more complete business college in the state. The equipments will call for an investment of over \$2,000 and as the college has leased the rooms for a period of five years it will be a permanent institution in Brainerd.

Mr. Koop is obligated to have the rooms ready so as to start the college promptly on Monday, March 2.

President Langum went to Bemidji this afternoon to close a deal for a location for a college which is to be established there in the near future. There is, he says, an almost unlimited demand for thorough business education when it is brought within the reach of the young people, especially such as are compelled to work their way through. The authorities of the college are negotiating for the boarding of pupils at prices which will be as low as consistent with good clean board.

Mr. Langum stated today that the people of Brainerd were giving the college a very cordial support and he had not the slightest doubt of the success of the school.

The editor of the Memphis, Tenn., "Times" writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package. H. P. Dunn. mwfdw

TRIP AROUND THE WORLD

Despite the "Storm at Sea" the Trip Will be Made Tonight by Ladies of Episcopal Guild

Despite the unfavorable weather the "trip around the world" will be carried out this evening by the Ladies' Guild of St. Paul's Episcopal church as planned. The teams will start from Johnson's Pharmacy at 6 o'clock and thereafter as long as there are passengers. The first stop will be in America, the home of Mr. and Mrs. Geo. Forsyth, East Brainerd. The second will be at Germany, the home of Mr. and Mrs. A. V. Snyder, the third at Japan, the home of Mr. and Mrs. Fred S. Parker, and the fourth and last stop will be at France, the home of Mr. and Mrs. J. S. Gardner, on the South side. Every home will be decorated with the emblems of the country it represents and the lunch will be typical of the country, while following the ordinary courses of meal. There has been much hard work done by the ladies in preparing for this event and it is hoped that despite the sloppiness, and unpleasant weather there may a large turnout. The tourists will be returned to the starting place, Johnson's Pharmacy after the trip.

Mrs. Gould's Life Spared.

Monte Carlo, Feb. 12.—The death sentence against Mrs. Violet Gould, who, with her husband, Vere St. Leger Gould, was convicted of the murder of Emma Levin here last summer, has been commuted to imprisonment for life.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, Price, 75c. per bottle. Take Hall's Family Pills for constipation.

LAND MOVEMENT IS ON

Minnesota Lands Will be in Demand and Great Activity is Predicted

That the land movement in this section of the state, and especially in Stearns county, will be better this season than it has been for some years previous, is predicted by local real estate dealers. Minnesota lands will be in demand, particularly for the South Dakota farmers. The Iowa farmers are again investing in South Dakota lands, and some are migrating to North Dakota with their families to seek affluence. The Dakota farmers are selling their land at a very handsome profit, from \$45 to \$60 per acre, land that was purchased at a ridiculously low figure when the country was first being opened up, or either "home-steaded" and secured almost free from the government. In many cases the Dakota farmer is coming to Minnesota, where he can purchase land at a cheaper price, the soil of which is equally as productive, and where the climate conditions are much more favorable.—St. Cloud Times.

Y. M. C. A. Notes

The members of the various classes in athletics, which will participate in the athletic exhibition to be given on March 24 are all working hard. The boys are going to make good in their performance and will deserve a good house.

Several from here intend to go to Mankato, Minn., to attend the state convention to be held there on February 20th to 23d.

HER BROTHER IS DYING.

Detroit Woman Arrested in Connection With the Tragedy.

Detroit, Feb. 12.—Mrs. Nettie Moffett, aged twenty-seven, is locked up at central police headquarters, while her brother, Harvey Price, aged nineteen, is reported to be dying at the Solvay hospital as the result of a shooting that occurred at the young woman's home in the suburb of Delray.

According to Mrs. Moffett's story, the brother had been addressing shocking language to his two sisters and the shooting occurred in a struggle for possession of a revolver Mrs. Moffett had hidden under her apron.

THAWED OUT DYNAMITE.

Nine Men Killed by an Explosion in Canada.

Montreal, Feb. 12.—News has reached here that nine men have been killed by an explosion in the Standard Explosive works at Vaudreuil, a summer resort, some twenty-five miles from here. The men were thawing out dynamite and the explosion was the result. The Standard Explosive works are used for the manufacture of high explosives. The names of the men killed are:

Menard, Bunberry, Rozon, Rousseau, Cayvan, Tannier, Robillard, Lauzon and Legault.

SITUATION IS IMPROVING.

But All Danger Is Not Over in Portugal.

London, Feb. 12.—The Times publishes a long Lisbon dispatch reviewing recent events in Portugal. It says that the situation is improving daily and that the government adheres to its policy of conciliating public opinion, but that it would be a mistake to consider all danger over.

One of the most widely read newspapers, continues the Times correspondent, the Seculo, declares that the young king has pacified but not disarmed public opinion and urges the widest application of the royal prerogative of mercy as the mainstay of the throne.

The correspondent hears that the idea of bestowing upon the next cortes the character of a constituent assembly with a view to amending the present constitution, finds many supporters in the cabinet and council of state.

Shoots a Girl and Himself.

Phoenixville, Pa., Feb. 12.—Norma Tholan, aged fifteen years, was shot and killed near her home by John Miller, a young farmhand, who afterward shot himself in an effort to end his life. Miller had been employed by the girl's father, who discharged him because of his unwelcome attention to the girl.

WILD WEST FOR BOYS

Vast Country Playgrounds Planned for City Youngsters.

FIRST ONE TO BE IN MICHIGAN

John D. Rockefeller and His Son-in-law, Harold McCormick, Will Finance Captain Jack Crawford's Scheme to Make Boys Self Reliant. Post Scout to Boss First Playground.

Great summer playgrounds in the country for city children is the latest philanthropy in which John D. Rockefeller intends to use part of his wealth, aided by his son-in-law, Harold McCormick of Chicago. Captain Jack Crawford, sometimes known as the "poet scout," made the statement recently while in New York. He ought to know, for he is to have direct charge of the first playground to be opened, a tract of wilderness in Michigan on Portage lake, about twelve miles from the town of Manistee.

The plan provides not only for a playground, but for a systematic supervision of the boys' summer play, which will be largely along the lines of hunting, trapping, woodcraft, swimming, military exercises, target practice and regular exercise in the old tricks of the former wild and woolly west.

Indians will be employed, and against them the boys will go on weekly expeditions. There will be stagecoaches for the boys to save from the attacks of bandits, the outlaws being other boys of the vacation crowd. There will be a typical old time frontier military post, where the lads will learn the life of the mounted service. Miniature deserts will be provided, so that the boys may learn another form of western life. In fact, everything will be provided to keep alive the old ability of the frontier days in the masculine American breast and to make the boys as capable as were their ancestors when called upon in an emergency. The "study period" will range from three to thirteen weeks.

Within the next year two play wilds, if not more, will be opened, the one in Michigan, which will be in operation next summer, and another on a large tract in New Mexico or southwestern Texas. The land in Michigan embraces almost 1,200 acres. Captain Crawford claims the conception of this idea as his own, though Rockefeller and McCormick moneys are to finance it in its full development. In speaking of it he said:

I suggested it to me in a talk I had with George Gould on a steamer coming back from England nearly twelve years ago. Mr. Gould was lamenting that much in the way of outdoor sports of a healthy and spirit building character was almost impossible in those days, when the country was growing so populous. I asked him what he meant, and he said he wished there was some frontier left to which he could send his older boys, under suitable supervision, where they could learn something of real roughing it for a few weeks every year. "It makes better men of boys," he continued, "to learn something of the frontier life and of the things they must know in order to stand independent under such conditions."

I agreed heartily with him, but the idea of creating an artificial frontier didn't occur to me until we had reached New York. Then George Gould had started west on an inspection tour. I intended to present my idea to him if the chance ever came, but it never did. I was delivering lectures at the Hampstead Chautauqua last August, and one day John D. Rockefeller and Harold McCormick were among my auditors. I met them after the lecture and had a particularly long conversation with McCormick, in the course of which I happened to touch on my scheme for American boys. He became interested, and I elaborated it to him. Two days afterward he sent for me and told me that whatever money I needed for the plan he and Mr. Rockefeller would furnish.

The plan in detail calls for the establishment of many parks for the purpose of teaching the boys military life and the old wild west methods. The parks will be as large as it is possible to make them under local conditions. The park in New Mexico, for example, probably will cover thousands of acres. The sections will be restored to a wild state. A small military post and a few log cabins will be built here and there, but otherwise no structures will mar the grounds. The boys will sleep in tents and be much in the open air.

The plan is both philanthropic and educational, but not so philanthropic that the parks will not be expected to pay for the actual expenses of the summer maneuvers. This latter phase of the plan is one born of McCormick's pet schemes to help to dissipate the class feeling that he believes is developing in the United States. Where a boy applies for admittance to the camp through his parents it will be ascertained whether he is in a position to pay for his food and accommodations. If his parents are in such a position twice as much as may be necessary to keep him will be charged, and he will be obliged to take another boy who is unable to pay his expenses as his guest. At that the paying boy will not be taxed more than \$50 or \$60, for only the actual cost of food and ammunition will be put on the bill. All the expenses of maintenance of grounds, etc., will be provided out of the fund given by the capitalists.

"The poor boy will become the rich boy's tent mate and companion," says McCormick, "and in the summer campaigns each will come to appreciate the good qualities in the other. When they grow up, better men because of their summer training in the open, representative persons in the poorer and wealthier classes will have a respect for each other that they might not otherwise have." It is expected that several hundred boys from New York, Chicago and other cities, one-half poor and one-half rich, will be accommodated on the Michigan frontier next summer.

MOVING PICTURE COMBINE

Outcome of Settlement of Inventor Edison's Legal Wars.

Philadelphia, Feb. 11.—The legal wars which Thomas A. Edison, the inventor, has participated in with moving picture machine manufacturers and dealers for the past nine years, have been settled. It was learned here, through the formation in Buffalo of an \$8,000,000 combination to control the entire moving picture business of the world. The moving picture business of the country which this combination controls represents an investment, it is said, of \$50,000,000 with 4,200 show places. Those in the combination are Thomas A. Edison of Orange, N. J., Selig & Co. and Kalen of Chicago, Essanay and the Vitograph company of New York, Pathe & Melliers, French manufacturers, and S. Lubin of this city.

In addition to the manufacturing and show places the combination will control what is termed as 100 rental places, where films are leased. A complete understanding has been reached and in lieu of the settlement of the legal battles in which he has indulged with the manufacturers, Mr. Edison will receive from the combination \$200,000 a year royalty, in return for which he is to permit no other concern to use any of his patents, without which films cannot be made. The manufacturers claim the combination is justified in that without the Edison patents manufacturers are helpless and it was necessary to protect the investments.

IN TRIAL OF MRS. M'DONALD

Address of Attorney Lewis Proved Great Attraction to the Public.

Chicago, Feb. 11.—The final pleas in behalf of Mrs. Dora McDonald, on trial for the alleged murder of Webster Guerin, were delivered by Attorneys Benjamin Shaffner and J. Hamilton Lewis. The latter's speech proved such an attraction to the public that extra details of policemen were necessary to keep the corridors clear and finally a riot call was sent to the East Chicago avenue station. One woman who was denied admittance to the courtroom became so excited that she struck a policeman in the face and was arrested.

Like Attorney O'Donnell, who delivered the opening argument for the defense, Attorney Lewis emphasized the sex of the defendant in his address to the jury. "The man who makes the same rule for a woman as for a man or who claims to understand her, not only shows his inexperience, but also how unfair he is," was one of his arguments.

Assistant State's Attorney Rittenhouse will close for the state and the case will then go to the jury.

PASSENGER TRAINS ESCAPE

But Wreckers Manage to Derail a Freight.

Butte, Mont., Feb. 11.—After two attempts to wreck two Oregon Short Line express trains, train wreckers succeeded in derailing a freight. Two suspects are in custody. All three attempts were made at lonely spots near Silver Bow junction. The would-be wreckers bungled, however, as the ties heaped on the track were not braced and easily swept aside. The northbound express from Salt Lake, pulling out of Silver Bow, hit a pile of ties. The engine remained on the rails. A few moments later the southbound train hit another bunch of beams. An hour later a southbound freight was derailed by a switch flung while the train was passing over it.

TROUBLESOME PLANT.

Government Spending Thousands Trying to Control Water Hyacinth.

The water hyacinth, the beautiful marine plant of green leaves and exquisite flowers, which has done such great damage to commerce in Louisiana and east Texas, is making its appearance in the ship channel, says the Houston Post.

A few years ago the water hyacinth was brought from Florida to Louisiana as a floral ornament. Last year the government expended \$200,000 in an effort to control the pest and has only partly succeeded. Streams and bayous which once carried big barges of lumber in Louisiana and eastern Texas have been closed to navigation by the rank vegetation of the hyacinth.

The Sabine river above Orange has become filled with the plants, and it is related that these all grew from a few plants carelessly thrown into the river by some housewife when the plants she had in a tub as an ornament became too numerous.

The matter has been brought to the attention of the city authorities at Houston, and steps have already been taken to destroy before it is too late all the hyacinths at Sam Houston park and those which have got into the bayou. A boat is to be sent along the lower reaches and all hyacinths carefully gathered and destroyed. It is anticipated that there may be some legislative action prohibiting the growing of these plants near a navigable stream and punishing any one so careless as to throw any of them into a stream which is of any use for any purpose.

Man Cut in Two By a Train.

Menominee, Mich., Feb. 12.—Henry Domes, a farmer near Nathan, in this county, fell off the platform between the smoking car and the passenger coach of a rapidly moving Wisconsin and Michigan passenger train shortly after he boarded the train at Nathan and his body was cut in two.

NATIONAL SKI TOURNAMENT

Soft Snow Cuts Down Jumps at Duluth Meeting.

Duluth, Feb. 12.—Mild weather, soft snow, a slow slide and consequently short jumps were the features of the opening events of the National Ski tournament, which were pulled off on Chester Creek hill. The entries were confined wholly to amateurs. Altogether there were thirty-seven contestants, Duluth, Ishpeming, Coleraine, St. Paul, Chippewa Falls and Superior being represented.

On account of the soft condition of the snow which adhered to the skies, greatly retarding speed, it was difficult for the riders to get started.

When the trial jumps were being made, the average distance attained by the contestants was about 70 feet. This is about 25 feet under what the average should have been.

Great interest was centered in the work of Carl Toleen of Ishpeming, Mich., a sixteen-year-old boy, who has been doing some wonderful feats this winter. He has been jumping around 90 feet all winter. He secured second prize at Coleraine last Sunday but the best he could do here was 41 feet.

At the annual meeting of the association the delegates gave the next national tournament to Eau Claire, Wis., by a vote of 13 to 6.

The following officers were elected: President, Carl Toleen, Ishpeming, Mich.; vice president, Alfred Munitag, St. Paul; secretary, Axel Holter, Ashland, Wis.; treasurer, Dr. Mason, Superior, Wis.

O'Brien Defeats Ward.

Charleston, W. Va., Feb. 12.—The ten-round battle here between Jack O'Brien of Philadelphia, middleweight champion, and Bob Ward of San Francisco, heavyweight champion of the Pacific coast, resulted in a draw. O'Brien had the better of his heavier opponent, who remained on the defensive until the last two rounds and took punishment without flinching.

Bank Teller a Suicide.

Philadelphia, Feb. 12.—William H. Zinzer, for forty-seven years in the employ of the banking house of Drexel & Co. and for many years teller, committed suicide by swallowing carbolic acid. Melancholy brought on by financial difficulties was the cause. Zinzer was sixty-four years old and began his career as an office boy with the Drexels.

TELEGRAPHIC BREVITIES.

In consequence of a fall down a shaft at the Newport mine, Casper Naino is dead at Ironwood, Mich.

The report is again current in banking circles that the Japanese government is trying to float a loan in Paris.

Adam Bigda, a sawyer, is dead at Republic, Mich., as the result of being struck by a limb of a tree he was engaged in cutting.

James D. Layne, vice president of the Cleveland, Cincinnati, Chicago and St. Louis railroad, died at his home in New York city.

At Los Angeles, Cal., Jack (Twin) Sullivan and Jim Flynn fought ten rounds, no decision being given. Honors were about even.

Governor Johnson of Minnesota has been invited to address the members of the Alabama Industrial association at their annual convention at Mobile May 20 and 21.

Comptroller of the Currency Ridgeley denies reports that he would resign his position to accept the presidency of the National Bank of Commerce of Kansas City, Mo.

Miss Maud Ashford of Washington has announced that she is no longer engaged to Former United States Senator Henry G. Davis, the Democratic candidate for vice president in the last national campaign.

MARKET QUOTATIONS.

Minneapolis Wheat.
Minneapolis, Feb. 11.—Wheat—May, \$1.03½; July, \$1.05½@1.05¾. On track—No. 1 hard, \$1.07; No. 1 Northern, \$1.04; No. 2 Northern, \$1.01½@1.02; No. 3 Northern, 97c@1.00.

St. Paul Union Stock Yards.
St. Paul, Feb. 11.—Cattle—Good to choice steers, \$5.00@5.75; fair to good, \$3.25@4.75; good to choice cows and heifers, \$3.00@3.75; veals, \$3.75@5.00. Hogs—\$3.90@5.25. Sheep—Wethers, \$4.75@5.10; good to choice lambs, \$6.25@6.55.

Duluth Wheat and Flax.
Duluth, Feb. 11.—Wheat—To arrive and on track—No. 1 hard, \$1.05½; No. 1 Northern, \$1.03½; No. 2 Northern, \$1.00½; May, \$1.03½; July, \$1.04. In store—No. 1 Northern, \$1.01; No. 2 Northern, 98c. Flax—To arrive and on track, \$1.15½; May, \$1.16½; July, \$1.18½.

Chicago Union Stock Yards.
Chicago, Feb. 11.—Cattle—Beaves, \$3.75@6.00; cows and heifers, \$1.75@4.60; Texans, \$3.50@4.10; calves, \$3.00@6.75; Western cattle, \$3.75@4.60; stockers and feeders, \$2.50@4.50. Hogs—Light, \$4.10@4.40; mixed, \$4.15@4.45; heavy, \$4.15@4.45; rough, \$4.15@4.20; pigs, \$3.60@4.20. Sheep, \$3.20@5.40; yearlings, \$3.25@6.25; lambs, \$5.25@6.90.

Chicago Grain and Provisions.
Chicago, Feb. 11.—Wheat—May, 95½c; July, 91½c; Sept., 88½c. Corn—May, 61½c; July, 59½c@59¾c Sept., 58½c. Oats—May, old, 53½c@53¾c; May, 51½c; July, old, 45½c; Sept., 37½c. Pork—May, \$11.90; July, \$12.22½. Butter—Creameries, 22@33c; dairies, 21@29c. Eggs—19@20c. Poultry—Turkeys, chickens and springs, 12c.

Kidney Troubles

FROM THE LIVER.

In his study of kidney disease, Dr. A. W. Chase, the famous Receipt Book author, found that 90 per cent. of the cases arose as a direct result of liver and bowel disorders, and working on this idea led to the discovery of his celebrated Kidney and Liver Pills, the only Kidney medicine having a combined action on liver and bowels as well.

Dr. A. W. Chase's Kidney and Liver Pills

By this unique action, cure the most complicated diseases of the kidneys when ordinary medicines fail. They also prevent kidney disease by curing liver complaint, biliousness and constipation. Try them when the back aches or there are rheumatic pains, or deposits in the urine. One pill a dose, 25 cts. a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mrs. Mary Jones, 831 East 2nd St., Mt. Vernon, Ind., states:

"I formerly suffered from Kidney trouble and severe pains in the back. Dr. A. W. Chase's Kidney and Liver Pills effected a thorough and lasting cure, and I consider them a splendid medicine."

H. P. Dunn, Druggist

Kills His Wife and Himself.

Cleveland, Feb. 12.—Fred Wiglo, an actor, shot and killed his wife, Maud, and then committed suicide at a boarding house here. The couple married three years ago in Canada, were separated until a week ago. It is supposed they quarrelled.

Mrs. Winslow's Soothing Syrup

Has been used for over SIXTY-FIVE YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEething with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN, CURES WIND COLIC, and is the best remedy for DIARRHEA. Sold by Druggists in every part of the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle. Guaranteed under the Food and Drugs Act, June 30th, 1906. Serial Number 106. AN OLD AND WELL TRIED REMEDY.

G. D. LABAR, President.
G. W. HOLLAND, Vice President.
F. A. FARRAR, Cashier.
GEO. H. BROWN, Asst. Cashier.

Dr. Pierce's Golden Medical Discovery

The Great Restorative

Non-Alcoholic Tonic

of the day, made entirely of native medicinal roots and without a drop of alcohol in its composition.

There are no secrets—all its ingredients being printed on the bottle wrappers.

The "Golden Medical Discovery" not only builds up the strength of the feeble, debilitated, languid, nervous and easily fatigued, whether young or aged, but it enriches and purifies the blood, thus making the improvement lasting.

It corrects and overcomes indigestion, dyspepsia, biliousness, torpid liver, chronic diarrhea and kindred derangements of the stomach, liver and bowels.

Bronchial, throat and laryngeal affections, attended with hoarseness, persistent cough, and all manner of catarrhal affections are cured by the "Golden Medical Discovery."

In Chronic Nasal Catarrh, it is well to cleanse the nasal passages out freely with Dr. Sage's Catarrh Remedy fluid while taking the "Golden Medical Discovery" as a constitutional treatment. Old obstinate cases of catarrh yield to this thorough course of treatment.

Through enriching and purifying the blood, the "Discovery" cures scrofulous affections, also blotches, pimples, eruptions, and other ugly affections of the skin. Old, open, running sores, or ulcers, are healed by taking the "Golden Medical Discovery" internally and applying Dr. Pierce's All-Healing Salve as a local dressing. The Salve can be had of druggists, or will be sent

by return mail on receipt of 50 cents in stamps. Address Doctor Pierce as below for it.

In short "Golden Medical Discovery" regulates, purifies and invigorates the whole system and thus cures a very large range of diseases. The reason *Why* it cures such a varied list of diseases is made clear in a little booklet of extracts from the leading medical authorities, compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and which he will be pleased to send post-paid and entirely free to any who send him their names and addresses.

You can't afford to accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the original Little Liver Pills first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. They are tiny sugar-coated granules—easy to take as candy.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps (to cover cost of mailing) for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.

HER BROTHER IS DYING.

Detroit Woman Arrested in Connection With the Tragedy.

Detroit, Feb. 12.—Mrs. Nettie Moffett, aged twenty-seven, is locked up at central police headquarters, while her brother, Harvey Price, aged nineteen, is reported to be dying at the Solvay hospital as the result of a shooting that occurred at the young woman's home in the suburb of Delray.

According to Mrs. Moffett's story, the brother had been addressing shocking language to his two sisters and the shooting occurred in a struggle for possession of a revolver Mrs. Moffett had hidden under her apron.

THAWED OUT DYNAMITE.

Nine Men Killed by an Explosion in Canada.

Montreal, Feb. 12.—News has reached here that nine men have been killed by an explosion in the Standard Explosive works at Vaudreuil, a summer resort, some twenty-five miles from here. The men were thawing out dynamite and the explosion was the result. The Standard Explosive works are used for the manufacture of high explosives. The names of the men killed are:

Menard, Bunberry, Rozon, Rousseau, Cayvan, Tannier, Robillard, Lauzon and Legault.

SITUATION IS IMPROVING.

But All Danger Is Not Over in Portugal.

London, Feb. 12.—The Times publishes a long Lisbon dispatch reviewing recent events in Portugal. It says that the situation is improving daily and that the government adheres to its policy of conciliating public opinion, but that it would be a mistake to consider all danger over.

One of the most widely read newspapers, continues the Times correspondent, the Seculo, declares that the young king has pacified but not disarmed public opinion and urges the widest application of the royal prerogative of mercy as the mainstay of the throne.

The correspondent hears that the idea of bestowing upon the next cortes the character of a constituent assembly with a view to amending the present constitution, finds many supporters in the cabinet and council of state.

Shoots a Girl and Himself.

Phoenixville, Pa., Feb. 12.—Norma Tholan, aged fifteen years, was shot and killed near her home by John Miller, a young farmhand, who afterward shot himself in an effort to end his life. Miller had been employed by the girl's father, who discharged him because of his unwelcome attention to the girl.

WILD WEST FOR BOYS

Vast Country Playgrounds Planned For City Youngsters.

FIRST ONE TO BE IN MICHIGAN

John D. Rockefeller and His Son-in-law, Harold McCormick, Will Finance Captain Jack Crawford's Scheme to Make Boys Self Reliant. Post Scout to Boss First Playground.

Great summer playgrounds in the country for city children is the latest philanthropy in which John D. Rockefeller intends to use part of his wealth, aided by his son-in-law, Harold McCormick of Chicago. Captain Jack Crawford, sometimes known as the "post scout," made the statement recently while in New York. He ought to know, for he is to have direct charge of the first playground to be opened, a tract of wilderness in Michigan on Portage lake, about twelve miles from the town of Manistee.

The plan provides not only for a playground, but for a systematic supervision of the boys' summer play, which will be largely along the lines of hunting, trapping, woodcraft, swimming, military exercises, target practice and regular exercise in the old tricks of the former wild and woolly west.

Indians will be employed, and against them the boys will go on weekly expeditions. There will be stagecoaches for the boys to save from the attacks of bandits, the outlaws being other boys of the vacation crowd. There will be a typical old time frontier military post, where the lads will learn the life of the mounted service. Miniature deserts will be provided, so that the boys may learn another form of western life. In fact, everything will be provided to keep alive the old ability of the frontier days in the masculine American breast and to make the boys as capable as were their ancestors when called upon in an emergency. The "study period" will range from three to thirteen weeks.

Within the next year two play wilds, if not more, will be opened, the one in Michigan, which will be in operation next summer, and another on a large tract in New Mexico or southwestern Texas. The land in Michigan embraces almost 1,200 acres. Captain Crawford claims the conception of this idea as his own, though Rockefeller and McCormick money are to finance it in its full development. In speaking of it he said:

"I suggested itself to me in a talk I had with George Gould on a steamer coming back from England nearly twelve years ago. Mr. Gould was lamenting that much in the way of outdoor sports of a healthy and spirit building character was almost impossible in those days, when the country was growing so populous. I asked him what he meant, and he said he wished there was some frontier left to which he could send his older boys, under suitable supervision, where they could learn something of real roughing it for a few weeks every year. 'It makes better men of boys,' he continued, 'to learn something of the frontier life and of the things they must know in order to stand independent under such conditions.'"

I agreed heartily with him, but the idea of creating an artificial frontier didn't occur to me until we had reached New York. Then George Gould had started west on an inspection tour. I intended to present my idea to him if the chance ever came, but it never did. I was delivering lectures at the Hampstead Chautauqua last August, and one day John D. Rockefeller and Harold McCormick were among my auditors. I met them after the lecture and had a particularly long conversation with McCormick, in the course of which I happened to touch on my scheme for American boys. He became interested, and I elaborated it to him. Two days afterward he sent for me and told me that whatever money I needed for the plan he and Mr. Rockefeller would furnish.

The plan in detail calls for the establishment of many parks for the purpose of teaching the boys military life and the old wild west methods. The parks will be as large as it is possible to make them under local conditions. The park in New Mexico, for example, probably will cover thousands of acres. The sections will be restored to a wild state. A small military post and a few log cabins will be built here and there, but otherwise no structures will mar the grounds. The boys will sleep in tents and be much in the open air.

The plan is both philanthropic and educational, but not so philanthropic that the parks will not be expected to pay for the actual expenses of the summer maneuvers. This latter phase of the plan is one born of McCormick's pet schemes to help to dissipate the class feeling that he believes is developing in the United States. Where a boy applies for admittance to the camp through his parents it will be ascertained whether he is in a position to pay for his food and accommodations. If his parents are in such a position twice as much as may be necessary to keep him will be charged, and he will be obliged to take another boy who is unable to pay his expenses as his guest. At that the paying boy will not be taxed more than \$50 or \$60, for only the actual cost of food and ammunition will be put on the bill. All the expenses of maintenance of grounds, etc., will be provided out of the fund given by the capitalists.

"The poor boy will become the rich boy's tent mate and companion," says McCormick, "and in the summer campaigns each will come to appreciate the good qualities in the other. When they grow up, better men because of their summer training in the open, representative persons in the poorer and wealthier classes will have a respect for each other that they might not otherwise have." It is expected that several hundred boys from New York, Chicago and other cities, one-half poor and one-half rich, will be accommodated on the Michigan frontier next summer.

MOVING PICTURE COMBINE

Outcome of Settlement of Inventor Edison's Legal Wars.

Philadelphia, Feb. 11.—The legal wars which Thomas A. Edison, the inventor, has participated in with moving picture machine manufacturers and dealers for the past nine years, have been settled. It was learned here, through the formation in Buffalo of an \$8,000,000 combination to control the entire moving picture business of the world. The moving picture business of the country which this combination controls represents an investment, it is said, of \$50,000,000 with 4,200 show places. Those in the combination are Thomas A. Edison of Orange, N. J., Selig & Co. and Kalen of Chicago, Essanay and the Vitograph company of New York, Pathe & Melliers, French manufacturers, and S. Lubin of this city.

In addition to the manufacturing and show places the combination will control what is termed as 100 rental places, where films are leased. A complete understanding has been reached and in lieu of the settlement of the legal battles in which he has indulged with the manufacturers, Mr. Edison will receive from the combination \$200,000 a year royalty, in return for which he is to permit no other concern to use any of his patents, without which films cannot be made. The manufacturers claim the combination is justified in that without the Edison patents manufacturers are helpless and it was necessary to protect the investments.

IN TRIAL OF MRS. M'DONALD

Address of Attorney Lewis Proved Great Attraction to the Public.

Chicago, Feb. 11.—The final pleas in behalf of Mrs. Dora McDonald, on trial for the alleged murder of Webster Guerin, were delivered by Attorneys Benjamin Shaffner and J. Hamilton Lewis. The latter's speech proved such an attraction to the public that extra details of policemen were necessary to keep the corridors clear and finally a riot call was sent to the East Chicago avenue station. One woman who was denied admittance to the courtroom became so excited that she struck a policeman in the face and was arrested.

Like Attorney O'Donnell, who delivered the opening argument for the defense, Attorney Lewis emphasized the sex of the defendant in his address to the jury. "The man who makes the same rule for a woman as for a man or who claims to understand her, not only shows his inexperience, but also how unfair he is," was one of his arguments.

Assistant State's Attorney Rittenhouse will close for the state and the case will then go to the jury.

PASSENGER TRAINS ESCAPE

But Wreckers Manage to Derail a Freight.

Butte, Mont., Feb. 11.—After two attempts to wreck two Oregon Short Line express trains, train wreckers succeeded in derailing a freight. Two suspects are in custody. All three attempts were made at lonely spots near Silver Bow junction. The would-be wreckers bungled, however, as the ties heaped on the track were not braced and easily swept aside. The northbound express from Salt Lake, pulling out of Silver Bow, hit a pile of ties. The engine remained on the rails. A few moments later the southbound train hit another bunch of beams. An hour later a southbound freight was derailed by a switch flung while the train was passing over it.

TROUBLESOME PLANT.

Government Spending Thousands Trying to Control Water Hyacinth.

The water hyacinth, the beautiful marine plant of green leaves and exquisite flowers, which has done such great damage to commerce in Louisiana and east Texas, is making its appearance in the ship channel, says the Houston Post.

A few years ago the water hyacinth was brought from Florida to Louisiana as a floral ornament. Last year the government expended \$200,000 in an effort to control the pest and has only partly succeeded. Streams and bayous which once carried big barges of lumber in Louisiana and eastern Texas have been closed to navigation by the rank vegetation of the hyacinth. The Sabine river above Orange has become filled with the plants, and it is related that these all grew from a few plants carelessly thrown into the river by some housewife when the plants she had in a tub as an ornament became too numerous.

The matter has been brought to the attention of the city authorities at Houston, and steps have already been taken to destroy before it is too late all the hyacinths at Sam Houston park and those which have got into the bayou. A boat is to be sent along the lower reaches and all hyacinths carefully gathered and destroyed. It is anticipated that there may be some legislative action prohibiting the growing of these plants near a navigable stream and punishing any one so careless as to throw any of them into a stream which is of any use for any purpose.

Man Cut in Two By a Train.

Menominee, Mich., Feb. 12.—Henry Domes, a farmer near Nathan, in this county, fell off the platform between the smoking car and the passenger coach of a rapidly moving Wisconsin and Michigan passenger train shortly after he boarded the train at Nathan and his body was cut in two.

NATIONAL SKI TOURNAMENT

Soft Snow Cuts Down Jumps at Duluth Meeting.

Duluth, Feb. 12.—Mild weather, soft snow, a slow slide and consequently short jumps were the features of the opening events of the National Ski tournament, which were pulled off on Chester Creek hill. The entries were confined wholly to amateurs. Altogether there were thirty-seven contestants, Duluth, Ishpeming, Coleraine, St. Paul, Chippewa Falls and Superior being represented.

On account of the soft condition of the snow which adhered to the skies, greatly retarding speed, it was difficult for the riders to get started.

When the trial jumps were being made, the average distance attained by the contestants was about 70 feet. This is about 25 feet under what the average should have been.

Great interest was centered in the work of Carl Toleen of Ishpeming, Mich., a sixteen-year-old boy, who has been doing some wonderful feats this winter. He has been jumping around 80 feet all winter. He secured second prize at Coleraine last Sunday but the best he could do here was 41 feet. At the annual meeting of the association the delegates gave the next national tournament to Eau Claire, Wis., by a vote of 13 to 6.

The following officers were elected: President, Carl Toleen, Ishpeming, Mich.; vice president, Alfred Munitas, St. Paul; secretary, Axel Holter, Ashland, Wis.; treasurer, Dr. Mason, Superior, Wis.

O'Brien Defeats Ward.

Charleston, W. Va., Feb. 12.—The ten-round battle here between Jack O'Brien of Philadelphia, middleweight champion, and Bob Ward of San Francisco, heavyweight champion of the Pacific coast, resulted in a draw. O'Brien had the better of his heavier opponent, who remained on the defensive until the last two rounds and took punishment without flinching.

Bank Teller a Suicide.

Philadelphia, Feb. 12.—William H. Zinner, for forty-seven years in the employ of the banking house of Drexel & Co. and for many years teller, committed suicide by swallowing carbolic acid. Melancholy brought on by financial difficulties was the cause. Zinner was sixty-four years old and began his career as an office boy with the Drexels.

TELEGRAPHIC BREVITIES.

In consequence of a fall down a shaft at the Newport mine, Casper Naino is dead at Ironwood, Mich.

The report is again current in banking circles that the Japanese government is trying to float a loan in Paris.

Adam Bigda, a sawyer, is dead at Republic, Mich., as the result of being struck by a limb of a tree he was engaged in cutting.

James D. Layne, vice president of the Cleveland, Cincinnati, Chicago and St. Louis railroad, died at his home in New York city.

At Los Angeles, Cal., Jack (Twin) Sullivan and Jim Flynn fought ten rounds, no decision being given. Honors were about even.

Governor Johnson of Minnesota has been invited to address the members of the Alabama Industrial association at their annual convention at Mobile May 20 and 21.

Comptroller of the Currency Ridgeley denies reports that he would resign his position to accept the presidency of the National Bank of Commerce of Kansas City, Mo.

Miss Maud Ashford of Washington has announced that she is no longer engaged to Former United States Senator Henry G. Davis, the Democratic candidate for vice president in the last national campaign.

Kidney Troubles

FROM THE LIVER.

In his study of kidney disease, Dr. A. W. Chase, the famous Receipt Book author, found that 90 per cent. of the cases arose as a direct result of liver and bowel disorders, and working on this idea led to the discovery of his celebrated Kidney and Liver Pills, the only Kidney medicine having a combined action on liver and bowels as well.

Dr. A. W. Chase's Kidney and Liver Pills

By this unique action, cure the most complicated diseases of the kidneys when ordinary medicines fail. They also prevent kidney disease by curing liver complaint, biliousness and constipation. Try them when the back aches or there are rheumatic pains, or deposits in the urine. One pill a dose, 25 cts. a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mrs. Mary Jones, 831 East 2nd St., Mt. Vernon, Ind., states:

"I formerly suffered from Kidney trouble and severe pains in the back. Dr. A. W. Chase's Kidney and Liver Pills effected a thorough and lasting cure, and I consider them a splendid medicine."

H. P. Dunn, Druggist

Kills His Wife and Himself.

Cleveland, Feb. 12.—Fred Wiglo, an actor, shot and killed his wife, Maud, and then committed suicide at a boarding house here. The couple married three years ago in Canada, were separated until a week ago. It is supposed they quarrelled.

Dr. Pierce's Golden Medical Discovery

The Great Restorative

Non-Alcoholic Tonic

of the day, made entirely of native medicinal roots and without a drop of alcohol in its composition.

There are no secrets—all its ingredients being printed on the bottle wrappers.

The "Golden Medical Discovery" not only builds up the strength of the feeble, debilitated, languid, nervous and easily fatigued, whether young or aged, but it enriches and purifies the blood, thus making the improvement lasting.

It corrects and overcomes indigestion, dyspepsia, biliousness, torpid liver, chronic diarrhea and kindred derangements of the stomach, liver and bowels.

Bronchial, throat and laryngeal affections, attended with hoarseness, persistent cough, and all manner of catarrhal affections are cured by the "Golden Medical Discovery."

In Chronic Nasal Catarrh, it is well to cleanse the nasal passages out freely with Dr. Sage's Catarrh Remedy fluid while taking the "Golden Medical Discovery" as a constitutional treatment. Old obstinate cases of catarrh yield to this thorough course of treatment.

Through enriching and purifying the blood, the "Discovery" cures scrofulous affections, also blotches, pimples, eruptions, and other ugly affections of the skin. Old, open, running sores, or ulcers, are healed by taking the "Golden Medical Discovery" internally and applying Dr. Pierce's All-Healing Salve as a local dressing. The Salve can be had of druggists, or will be sent

by return mail on receipt of 50 cents in stamps. Address Doctor Pierce as below for it.

In short "Golden Medical Discovery" regulates, purifies and invigorates the whole system and thus cures a very large range of diseases. The reason *Why* it cures such a varied list of diseases is made clear in a little booklet of extracts from the leading medical authorities, compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and which he will be pleased to send post-paid and entirely free to any who send him their names and addresses.

You can't afford to accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the original Little Liver Pills first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equalled. They are tiny sugar-coated granules—easy to take as candy.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps (to cover cost of mailing) for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.
